

# ***Roane State***

## **WORKFORCE DEVELOPMENT**

**EXPERT TRAINING,  
MADE FOR YOU**

- ▲ **MANUFACTURING AND INNOVATION**
- ▲ **HEALTHCARE AND SAFETY**
- ▲ **STARTING/GROWING YOUR BUSINESS**
- ▲ **BUSINESS TRAINING**
- ▲ **PERSONAL DEVELOPMENT**

## **WE BUILD PARTNERSHIPS WITH YOU AND YOUR COMPANY**

...as we have with large organizations such as the Oak Ridge National Lab, Y-12, Kimble Chase, and local companies from solo entrepreneurs to small businesses. Last year alone, we provided more than 100,000 hours of continuing education.

We offer courses, connections and educational partnerships that bring you industry-focused training, professional development and individual education—skills for an evolving, competitive marketplace.

Our programs include healthcare, safety, manufacturing, business training, small business and personal development classes and other customized training.

Roane State:

- Solves the training needs of business and industry
- Helps small businesses grow
- Offers professional certification and continuing education courses
- Provides classes to individuals for both professional and personal growth

## WHAT'S YOUR GREATEST NEED? WE HAVE THE TRAINING FOR IT.

Let us use our decades of experience to fill your training needs. Have a new federal training requirement? We have the expertise to do it for you.

We have faculty skilled in healthcare, management, safety, and technology.

We're cost-effective too. Rather than adding an employee to train your staff, let us fill that niche.
